Seldom are the corridors of the Senate lobby of the Capital so well filled as they were yesterday. The galleries were filled with early arrivals long before the hundreds of of prohibitionists arrived.

One of the first moves of Senator Underwood was to roll a sort of a hose cart full of signatures praying for a referendum into the chamber. The petition consisted of 47,000 names which Senator Gallinger, Republican, said were not bona fide. The petition was backed by the saloonkeepers, Mr. Gallinger asserted and he continued to say that the freshness of the ink and other marks showed many signatures to be by the same hand.

The crowds which attended the session got their money's worth. From the time the hearing started until the end, the proceedings were enlivened by resume business.

situation.

To deny them what

Prominent Washington business and professional men last night strongly voiced their regret over the defeat of the Underwood referendum amendment by the Senate yesterday afternoon.

While there were a number to whom the passage of the Sheppard prohibition bill was of no concern, they nevertheless expressed he belief that citizens of the District is just as inevitable as the rising of the sun. It has been delayed. It will be delayed. But sooner or later it will be delayed. But sooner or later it will come and it will be all the more welcome was thrust upon them. come and it will be all the more welcome
"Why am I so optimistic? Because I

WALL STREET LEAK

New York Bankers Follow Lawson in Testimony Before Rules Committee. CONTINUED FROM PAGE ONE.

were much greater in their market ef-fect than the President's move. Baruch denied the "Biltmore breakfast" charges and said that he had never discussed peace with Secretary to the President Tumulty or anyone else connected with the administration.

He told the committee with some satisfaction that his profits were all his own and would not be "split."

Sabin Rejoins Bride.

Charles H. Sabin, while his new bride waited impatiently for the resumption of their interrupted wedding trip, ex-plained his peace statement to the news-papers last October. He saed his information did not come from any administra-tion sources and that it was not made public with any view to its effect on the stock market. The New York broker denied that his wedding trip to Europe— which will now be resumed—was designed to remove any books or papers from the jurisdiction of the committee.

Bernard M. Baruch furnished the most brilliant testimony of the hearing. When he took the stand he explained to the committee that his business was that of an "investor and speculator," with offices at 111 Broadway. His first testimony after his introduction to the committee was with regard to the alleged leak and was a complete disclaimer of having been possessed of any information in advance of the morning newspapers of December 21, the day the President's peace note was made public. Baruch said:

"I want to make a complete statement on this general point first. I had no adon this general point first. I had no advance information of any sort either upon the so-called 'peace note' of the President nor upon Von Bethmann-Hollweg's speech at the convening of the Reichstag in which he uttered Germany's first peace offer."

Was Buying Stocks.

Representative Campbell, of Kansas, questioned and requestioned him with regard to his market activities during the three days of December 19, 20 and 21. To the great surprise of the committee Mr. Baruch admitted that all during December 20 he had been a heavy buyer of

mony was phrased in the plainest of English.

"You sustain intimate relations with the administration?" was asked Mr.

Baruch.
"I am a member of the advisory com-nission of the National Council of De-

mission of the National Council of Defense," responded Mr. Baruch.

When questioned with regard to his contributions to the Democratic Presidential campaign fund, Mr. Baruch explained that his total contribution before the election had been \$35,000, and that after the election he had given his check for \$15,000 to make up the deficit.

Have you ever talked with Secretary Tumulty with regard to the deficit in the Democratic campaign fund?" asked Representative Campbell.

"I have not," was the answer. "I want to make a series of statements. The statement that I had three or four days' advance information of the forthcoming Lansing note to the belligerents is absolutely false. The statement that I have conferred with Joseph P. Tumulty, the President's secretary, with regard to the note is absolutely false. Following Mr. Baruch was the correspondents of the Dow Jones Agency were examined by the committee, but nothing to indicate any leskage advance news was brought out.

The examination of Charles H. Sabin earlier in the afternoon was brief. Mr. Sabin made a statement to the committee which had to do with information which Mr. Sabin had given to the representatives of the press in New York about the first of October. Mr. Sabin said:

"Early in October—about the 6th, 1 think—I sent for the imancial writers, some six or seven of them came to my office and I told them that information had come to me to the effect that the German government had the intention to approach the United States in the ter of some movement with a view to

stock market in my mind. In my talk eral suffrage amendment.
with the newspaper men I said nothing Miss Maud Younger, ofwith the newspaper men I said nothing about stocks. I did not allude to the matter. I felt it my duty to the public that with thin information in hand it ought to be given publicity. I thought that any impending movement in the direction of peace was news that should be in public possession."

Otto H. Kahn reiterated his statement made to Chairman Henry a week ago, that he was in no wise interested in or implicated in any leak or the speculative market which followed the leak. He said he had never sold a

more; Miss Ella Riegel, of Bryn Mawr, and the Delaware branch of the Congressional Union, each subscribed \$100.

to observe from the utterances of the retary, with regard to the note is absolutely false. The statement that I is more inclined than the Democratic party
breakfasted with or otherwise associated with Mr. Tumulty at the Biltmore
Hotel in New York is absolutely false." "and it has been a matter of surprise
Following Mr. Baruch was the correspondents of the Dow Jones Agency were
examined by the committee, but nothing and soul for this cause seemed so great-Ginns, Mrs. Patrick Gunning, Mrs. Ellie and soul for this cause seemed so greatly to misunderstand and misinterpret the attitude of parties. I have done my best and shall continue to do my best in the interest of a cause in which I personally believe."

Prominent Women in Party.

Prominent women from all parts of the United States were in the delegation. The White House had issued 300 tickets of admission. Every card was used and there was demand for more. The President met the women in the East Room, where he was presented with

esolutions commemorative of the life and services of Mrs. Boissevain. The President was reminded of the "needless sacrifices women are making in their struggles to secure their rightful political liberty," and was asked to support the Fed-

eral suffrage amendment.

Miss Maud Younger, of San Francisco, presented resolutions adopted at the Christmas memorial to Mrs. Boissevain in Statuary Hall. Mrs. Field handed President Wilson resolutions adopted at a memorial in San Francisco.

Mrs. John W. Brannan and Mrs. Clarence H. Smith, of New York, brought the resolutions and the appeal to the President of the women of New York.

Accompanying the three sets of resolutions was a written appeal, which said in part: "We desire to make known to you. Mr.

President, our deep sense of the wrong being inflicted upon women, in making them spend their best health and strength, During Baruch's testimony there was much fog in the minds of his questioners. Representatives Patten and Bennet, of New York, and Chiperfield. Of Illinois, seemed to understand the vernacular which Mr. Baruch strove to avoid and for the most part his testi-
